## Our Instant Hand Sanitizer kills 99.9% of germs on contact.

- The Centers for Disease Control and Prevention reports that "in addition to regular hand washing, **an alcohol-based hand sanitizer is also effective in killing the Flu virus**."
- Hand Sanitizers must be at least 60% alcohol to be effective against germs. **Our Hand Sanitizer solution is 70% alcohol!**
- The portable Lavi Hand Sanitizing Station provides the perfect solution where soap and water are not readily available. It evaporates right in your hands leaving a pleasant soft feeling yet killing 99.9% of germs on contact!
- The "no-touch" dispenser delivers up to 1,300 washings per 32 oz. bag.

# Instant Hand Sanitizing Station

Protecting People Wherever They Go™.

- Simple to operate. Maintenance-free dispenser operates with gravity so there are no moving parts to break (requires four D alkaline batteries).
- Post-mounted drip tray catches excess solution.
- Easily attaches to any Beltrac® 3000 post.
- Also available as a wall-mount unit.
- Specially-designed 48" posts suspend the dispensing unit at the perfect height for hand-sanitizing. The drip tray may be placed anywhere along the post's dovetail groove.

## Affordable, germ-killing hand sanitizer solution:

- 70% ethanol alcohol solution offers a broad killing spectrum
- Sanitizes with no sticky residue, unlike gels and foams
- Minimal alcohol odor. Softens hands with a fresh spearmint scent
- FDA registered
- USDA certified bio-based product
- Economical – up to 1300 uses per 32 fl. oz. refill
- Free of triclosan, benzalkonium, chloride, phthalate, parabens, glycols, formaldehyde carriers, or most common allergens
