# SafetyPro 250 Twin

HIGH VISIBILITY & EASY DEPLOYMENT

SafetyPro 250 Twin is a heavy duty portable barrier featuring twin belts. The lower belt restricts pedestrians from ducking under the belt and makes this product ADA (Americans with Disabilities Act) compliant. Manufactured from heavy gauge steel with a cast iron base SafetyPro Twin has the durability to withstand years of wear and tear in working environments. The Xtra model features a 50% wider belt making a more visible barrier and giving much greater impact to printed safety messages.

Standard 2"/50mm Belt

Model SPRO250TwinY

Xtra 3"/75mm Belt

Model SPRO250TwinXY
