QueuePro 250 Twin

TWIN BELTS

The QueuePro 250 Twin's lower belt restricts pedestrians from ducking under the belt, helps keep children in line and provides guidance for the visually impaired using a cane. The bottom belt makes this stanchion ADA (Americans with Disabilities Act) compliant. This post features a unique two piece post construction which allows the lower belt mechanism to be easily replaced in the field. The Xtra model features a 50% wider belt making a more visible barrier and giving much greater impact to printed logos and messages.

Standard 2"/50mm Belt
Model PRO250TwinB

Xtra 3"/75mm Belt
Model PRO250TwinXB

3 EASY STEPS TO REMOVE THE LOWER BELT CASSETTE

Step 1: Remove post retaining screws

Step 2: Slide off the post top

Step 3: Loosen the cassette retaining screws and slide out the cassette
